Happy friends

A cat, a dog, a snake and a crocodile are the best friends. They do everything together. But one day the dog is offended. Her friends get up early and go and play without her. So next day she gets up early, takes her things and goes to live in the forest. She is sad. The cat, the snake and the crocodile get up and they can't see the dog.

The world needs great stories!

They look
for their
friend, but
can't find
her. Two
weeks pass.

They go to the forest and they see the dog.
She is very sad and hungry.
The cat, the snake and the crocodile

ask the dog
to forgive
them.
Now they
are friends.
Happy end
