## 2 Прочитай текст и отметь, какие утверждения после него соответствуют содержанию (Т), а какие — не соответствуют (F).

The US climate is generally not very hot. It is not very cold either. The warmest places are in the south — in Florida, Texas, Arizona, California and Hawaii. The coldest places are in the north, one of them is Alaska. The driest places are the deserts of the southwest.

The Great Plains have the largest US river system. The powerful Mississippi flows there. It is one of the richest farming areas in the world.

English is the official language of the country, but lots of people speak Spanish. In any American city you can hear many languages. Russian, French and German are among them. The people who live in the USA belong to many races and nationalities.

1. The US climate is not extreme. ☐
2. There are no big rivers flowing through the Great Plains. ☐
3. There are deserts in the southwest of the USA. ☐
4. Spanish is the national language of the USA. ☐
5. People speak European languages in the USA. ☐
