

The United Kingdom of Great Britain

Автор: Бывальцев
Денис

The United Kingdom of Great Britain founded on January 1, 1801.

Country consists of four historical parts: England, Scotland, Wales and Northern Ireland.

The area of the UK is 244 sq km.

Flag of Great Britain

Emblem of Great Britain

London is the capital of Great Britain, one of the largest cities of Europe and the world's most important financial and economic center.

Major cities

Glasgow

Birmingham

Manchester

Liverpool

63 million of English, Scots, Welsh, Irish and people from other countries live in the UK.

The official language of Great Britain is English, spoken by over 95% of the population. Languages of national minorities are Scottish, Welsh, Irish, Gaelic and Korn.

The Great Britain is dominated by medium-altitude mountains and hills with river valleys. The highest point of the country is in Scotland. This is the mountain of Ben Nevis, 1343 m high.

The Severn

The Thames

Great Britain has a heavy network of rivers. The longest of them are the Severn and the Thames.

There are many lakes, mostly of glacial origin in the mountains. The largest of them are Loch Neu, Loch Lomond and Loch Ness.

Loch Lomond

Loch Ness

Loch Neu
